

Lodge Manufacturing Minimum Advertised Price (MAP) Policy
Effective Date: March 1, 2018, Revised MAP Price Effective: [January 31, 2022](#)

1. **Purpose:** For more than 126 years, Lodge has invested a substantial amount of time, money and resources supporting the iconic Lodge brand worldwide. Also, Lodge invests heavily in research and development and has positioned its Lodge products as high quality with premium features and benefits that discerning cookware shoppers seek out. Lodge has a customer service team that provides support for all Lodge customers. Also, Lodge believes that the successful sale of Lodge products involves a deep understanding of the features and benefits of the various Lodge products, and a commitment to enhancing the consumer's cooking experience. The Lodge MAP Policy is designed to protect the premium value of Lodge products and protect investments made by Lodge and its retailers. This MAP Policy applies to all Lodge distributors, dealers, and resellers of Lodge products ("resellers").
2. **Covered Product:** The Lodge product lines covered by this Policy as of the effective date above, and the corresponding Minimum Advertised Price ("MAP"), are set forth on the "Minimum Advertised Price List" ("Covered Product") addenda attached hereto. Lodge may provide updates to the Covered Products and this MAP Policy from time to time at its discretion. A Violation of this MAP Policy occurs when a Reseller or Distributor and one of their Resellers advertises a Covered Product below its MAP.
3. **Resale Price at Reseller's Discretion:** Nothing in this MAP Policy is intended to affect the resale prices Resellers may choose to charge or to require any Reseller to actually sell Lodge Covered Products at the listed Minimum Advertised Price. Each Reseller is free to determine independently the price at which it resells Lodge Covered Products. Lodge does not seek any person's agreement on minimum selling prices and no representative of Lodge or employee is authorized to accept any agreement on the minimum selling price.
4. **Applicable Media:** What constitutes advertising? The Lodge MAP Policy applies to traditional media such as flyers, posters, coupons, mailers, inserts, newspapers, magazines, catalogs, mail order catalogs, television and radio. The Lodge MAP Policy also applies to the internet and internet-related electronic media, such as emails, email newsletters, email solicitations, reseller websites, and third-party websites. Retail pricing online, even as included as part of the product offering, constitutes advertising as it relates to the Lodge MAP Policy. Any price information relating to the Covered Products on an internet website which can be accessed directly through any hypertext link, search, or by any other method which uses the hypertext transfer protocol (HTTP) is considered to be advertising for the purposes of this Policy. Automated email responses to customer pricing requests are also considered advertising. Any prices shown in the shopping cart on a Reseller's website are considered advertised prices and subject to this Policy until the consumer is committed to the purchase of the covered product. Emails sent in response to specific customer inquiries about a particular covered product are not considered advertising, nor is a phone number or hotline set up to provide verbal responses to specific customer inquiries about pricing. The Lodge MAP Policy is not applicable to any in-store advertising that is displayed only in the store and distributed to any consumer(s) other than while the consumer is visiting a physical store. The MAP Policy does not apply to shelf talkers, price tags or window displays. However, advertising any of the Covered Products below MAP on exterior store banners is a violation of the MAP Policy.
5. **Enforcement:** Resellers and Distributors transacting with any Reseller that is advertising a Covered Product below its MAP set by Lodge will be subject to (i) loss of any discounts, advertising allowances, including freight or terms for the first offense, and (ii) termination periodically or indefinitely of buying privileges for Lodge Covered Products for the second offense. Lodge reserves the right to determine whether a violation of the MAP Policy has taken place, and it will do so in its sole and absolute discretion and independent judgment. See "Enforcement" addenda attached hereto.

Lodge Manufacturing Minimum Advertised Price (MAP) Policy
Effective Date: March 1, 2018, Revised MAP Price Effective: [January 31, 2022](#)

6. Guidelines: Each Covered Product must be advertised at its MAP or higher. Lodge will publish a “Minimum Advertised Price List” (“Covered Product”) which identifies all Covered Products and will update it on an annual basis. Lodge reserves the right to modify the MAP List at any time with advance notice. To permit identification of the specific Covered Product in an advertisement, the Lodge model name, size and model number (if available) must be shown when advertising Covered Products. In the absence of any printed advertised price, Lodge assumes the Covered Product to be at MAP.

For bundled product advertising, Resellers may, with prior consent from Lodge, offer implied savings below MAP. A storewide sales program, or a gift card with purchase offer is not a MAP violation. A department-wide sales program (such as the Kitchen, Sporting Goods and Camping Department) is a MAP violation unless Lodge Covered Products are excluded. Coupons that offer discounts or sale prices and which apply to all products in the store or e-commerce site are not a MAP violation, as long as Lodge is not specified. A price matching program that applies to all products offered by a Reseller and does not specifically mention Lodge is not considered a MAP violation. If the price matching program is not universal, Covered Products must be excluded, with such statements as “excludes Lodge products.” An advertisement which offers x% off Covered Products above a certain price, and therefore excludes certain covered products, must exclude the Covered Products, i.e., \$5 off all cookware over \$19.99, must exclude all Covered Products or the Lodge brand in total. Discontinued Lodge Products can only be removed from the MAP schedule by Lodge. See the “Violation Examples” addenda for additional detail on guidelines for Policy compliance.

To provide flexibility for each individual Resellers pricing process, the Lodge MAP Policy allows for up to a \$0.05 variance to the published MAP without the Reseller incurring a MAP Violation.

The Lodge MAP Policy applies to all activities of a Reseller, a Distributor transacting with a Reseller, and/or any corporate name, d/b/a, or assumed name and to a “brick and mortar” Reseller who operates (directly or indirectly), a website or other Internet site under the same name or different name.

7. Lodge reserves the right to change, modify or discontinue the terms of the MAP Policy at any time within its sole discretion. Lodge interpretation of the MAP Policy and its application and remedies shall control.
8. Lodge shall have the right to suspend deliveries and terminate this and all other contracts with Resellers and Distributors transacting with Resellers in the event of any unauthorized sales. If it is suspected that a Reseller or Distributor transacting with Resellers has breached any of these conditions, Lodge shall have the right to obtain immediate injunctive relief in the United States District Court for the State of Tennessee or any court of the State of Tennessee located in Marion County, and each party irrevocably submits and consents to the exclusive jurisdiction of those courts and waives any and all objections to jurisdiction or venue that any such party may have under the laws of the State of Tennessee or otherwise.

Effective Date: March 1, 2018, Revised MAP Price Effective: [January 31, 2022](#)

Lodge Manufacturing Enforcement Addendum

Repercussions for MAP Violations

If Lodge Manufacturing becomes aware of a MAP Policy violation, the below process will be followed universally:

1st Violation: The Lodge Map Administrator will email written notification of the violation to the Reseller or Distributor transacting with Resellers with a reminder of the Lodge MAP Policy. The Reseller will have 48 hours (2 business days) to remedy the violation of the Lodge MAP Policy.

If the violation is resolved within 48 hours (2 business days), no further action will be taken.

2nd Violation: If a violation is not resolved within 48 hours or if a second violation occurs within a 12-month period, Lodge will cease the fulfillment of purchase orders issued by Reseller or Distributor transacting with Resellers concerning the Covered Products until further notice. Pending orders that are in the process of being fulfilled or that are in transit at the time of the non-compliance will be processed to completion. Orders received by Lodge but not yet in the process of being fulfilled, and any new orders received by Lodge during the stop shipment period will be placed on hold until further notice. Lodge will not accept any deductions against a purchase order that has been impacted through non-compliance with the Policy. The MAP Administrator will revisit from time to time whether to again accept purchase orders from the Reseller or Distributor transacting with Resellers for the Covered Products. Any such decision by the MAP Administrator will take into account, among other things, an assessment of the Reseller's or Distributor's transacting with Resellers commitment to the Lodge MAP Policy as evidenced by the frequency and nature of noncompliant advertisements. Furthermore, the MAP Administrator will not revisit this decision at any time the Reseller or Distributor transacting with Resellers is out of compliance with the Policy with respect to Lodge Covered Products.

Lodge Manufacturing MAP “Violation Examples”

For clarity, and by way of example only, advertising concerning Lodge Covered Products containing any of the following violates this Policy:

- Gift with purchase when the standalone price of the gift (MSRP, unless gift is a Covered Product, in which case the applicable MAP) exceeds 20% of the Covered Product’s MAP price
- Gift card with purchase when the gift card value exceeds 20% of the Covered Product’s MAP price
- Buy one get one free or at some other amount below MAP
- Free shipping with purchase if a net price below MAP is shown
- “Using “Click Through” pricing -- displaying a price for a Lodge Covered Product below its MAP on any web screen the consumer sees before making a decision to purchase (*e.g.*, any screen that precedes the shopping cart screen)
- Any indication that a lower price is shown in the cart, including “click here for lower price,” “add to cart for lower price,” price is “too low to advertise”, “click here for instant rewards”
- Including Lodge Covered Products in an online auction context
- Including Lodge Covered Products in a coupon, rebate or promotion if a below MAP price is shown
- Bundling Lodge Covered Products and providing a discount off the combined MAP prices if the discount is broken out by product
- Dot.com site/store-wide sales, *e.g.*, 25-30% off everything, if a net below MAP price is shown
- Item closeout with advertised price below MAP
- Item included in store/website grand opening sale with advertised price below MAP
- Total brand sale, *e.g.*, 25-30% off all brand, if a net below MAP price is shown, and Lodge Covered Products are not excluded from the advertisement (whether expressly or by “selected item” type limitation)

The above list is not exhaustive and is intended to show advertising examples that demonstrate a failure to support the necessary premium positioning of Lodge Covered Products and, therefore, violate the Lodge MAP Policy.
